Re: *Knox v. Bank of New York*Docket no. 07 CV 3349 (VM)

Dear Judge Marrero,

We represent the plaintiffs in the above referenced matter.

On June 1, 2007 the parties argued the Order to Show Cause ("OSC") of intervenor Palestine Monetary Authority ("PMA"). After extensive oral argument, the Court reserved decision and took the matter on submission.

On Friday June 15, 2007 the PMA e-filed a document entitled "Supplemental Memorandum of Law" (docket # 22) in which the PMA endeavors to respond to issues discussed at the oral argument over two weeks ago.

The PMA neither sought nor obtained leave to file a post-argument memorandum of law.

Plaintiffs respectfully request that the PMA's unauthorized filing be stricken.

Purely in the alternative, in the event that the Court does not strike the PMA's memorandum, then it is respectfully requested that the plaintiffs also be given an opportunity to file their own supplemental brief.

Accordingly, we respectfully request that the Court issue an order striking the PMA's memorandum, or alternatively, directing plaintiffs to file their supplemental memorandum. If permitted, we would be prepared to file within two weeks of the order permitting the filing.

Respectfully yours,

Robert J. Tolchin
